

ROOT SHEDS LIGHT ON PORTRAIT CASE

Money Was Used as Part of Fund for Secret Expenditures.

Washington, D. C., June 6.—The testimony of Senator Root of New York, before the House Committee on Expenditures in the State Department today went a long way, in the opinion of those attending the hearing, to clear up the mystery surrounding the purchase by the State Department in 1903 of an oil portrait of former Secretary of State Day. The artist received only \$500 for the portrait, although the voucher he signed in blank afterward was filed in for \$2,450. The committee has been trying to account for the discrepancy.

Senator Root told the committee today that, at the request of Mr. Day, now an associate justice of the Supreme Court, to whom Albert Rosen, the artist who painted the portrait, appealed, he had caused an investigation to be made of the transaction, and became convinced, after William H. Michael, chief clerk of the department when the portrait was painted, and since then United States consul-general at Caracas, had made a report, that the difference of \$1,950 had been expended under the direction of Secretary of State Hay for purposes of which it was not desired to leave a record.

The Secretary of State is authorized by statute to make no account of expenditures from the secret fund. The investigation satisfied Mr. Root that everything in connection with the purchase of the portrait and the expenditure of the \$1,950 not accounted for was regular.

Ask for Copies of Record. The members of the committee present, Chairman Hamlin and Representatives Dent, of Alabama, and Davis, of Minnesota, did not express an opinion after the hearing was over as to whether they were satisfied with the light thrown on the portrait mystery by the former Secretary of State. They will continue their inquiry, at any rate. Mr. Hamlin has caused a subpoena to be issued for copies bearing on the portrait purchase, and expects this means to get around the refusal of Secretary of State Knox, acting on the advice of President Taft, to produce original records showing expenditures from the secret fund.

Mr. Hamlin today introduced his bill, which is intended to amend the statutes so as to provide for auditing in the future, by a special joint committee of Congress, of the secret fund disbursements.

After the committee had questioned Mr. Root at length concerning the Day portrait mystery, the Hollander case was brought up, and Mr. Root emphatically denied that it was with his knowledge and consent that the Dominican government paid Jacob H. Hollander, of Baltimore, who was on the islands as the paid agent of the United States, \$100,000 for services rendered in that capacity. In addition to the forty-odd thousand dollars received from this government, Mr. Root introduced letters in the Record to support his contention that he did not learn that Dr. Hollander was receiving compensation from both governments until January, 1909. Dr. Hollander, when before the committee a couple of weeks ago, testified that Assistant Secretary of State Bacon and Secretary Root had authorized his acceptance of pay from the Dominican government in December, 1908.

Will Not Allow Castro to Land in Jamaica. Authorities Fear He Might Use Island as Base in Operations Against Venezuela.

Kingston, Jamaica, June 6.—Instructions were issued to the customs and police departments here today not to allow a Cuban, Cipriano Castro, to land should he arrive at any of the Jamaican ports.

It is feared by the Jamaican authorities that Castro, if permitted to land here, would use the island as a base of operations against the present government of Venezuela.

Washington, D. C., June 6.—Cipriano Castro is now reported to be at Gibraltar. This information reached the State Department today from Lisbon, and dispelled the security which officials here have felt that they

had in the Venezuelan definitely located in the capital of Portugal.

The consul at Gibraltar has been instructed to investigate the report and endeavor to dispel the mystery surrounding the whereabouts of Castro. The State Department, it is said, will continue its efforts, with the cooperation of foreign governments, to prevent his return to Venezuela.

NEW ORLEANS WINS HONORS. Tenth Annual Meeting of Southern Golf Association.

Nashville, Tenn., June 6.—New Orleans won the honors today in the tenth annual meeting of the Southern Golf Association. R. G. Bush, of that city, making the course in seventy-four strokes, which was the best. The team composed of Bush, Stewart, Carroll and Stauffer won the prize team cup with a score of 322, Birmingham following with 327, Memphis and Nashville trying for third place with 328.

Atlanta, fifth, 323; Chattanooga, sixth, 338, and Macon, seventh, 349. The weather was ideal and the course smooth. There were 122 entries.

Sixty-four were selected to play tomorrow, the thirty-two best to enter the championship flight. The remainder, by fifteens, will enter flights from one to five.

ALL EVIDENCE IS IN. Motion to Direct Verdict in Donnelly Trial Is Overruled.

Toledo, Ohio, June 6.—Both the State and defense have rested in the trial of Judge Michael Donnelly, charged with embezzlement from the Ohio German Fire Insurance Company. The rebuttal testimony of the State was concluded this morning, when Judge Chittenden suspended the objection of the defense to the testimony of F. D. Prentice, who had been asked by Prosecutor Webster as to the number of shares of stock that were owned by Judge Donnelly in the Ohio German.

The defense then made a motion to the court to direct a verdict, but this was overruled.

ATTACKS PARK SYSTEM. Governor Foss Says Boston Has Dangerously Expensive Luxury.

Boston, Mass., June 6.—Charges that the metropolitan park system represents a dangerously heavy outlay of money, for which most of the public is getting very little return, and the result is a park system which has been turned into an aristocratic highway, for which the public has to foot the bills, are made by Governor Foss in his fiftieth message to the Legislature.

The Governor disapproves of any further purchase of land or any more elaborate engineering improvements on the land already purchased.

NOT AGAINST ORGANIZATION. Second Assistant Postmaster-General Outlines Government's Attitude.

Syracuse, N. Y., June 6.—Second Assistant Postmaster-General Jos. Stewart, addressing the national convention of Railway Mail Clerks' Association, today denied that the government is against organization. "It has always been pleased to recognize organizations beneficial and helpful," he said, "and it has always classed the Railway Mail Association in that way. It objects only to the character of organizations."

There recently has been efforts to organize associations said to be in-

ATTACKS PARK SYSTEM. Governor Foss Says Boston Has Dangerously Expensive Luxury.

Boston, Mass., June 6.—Charges that the metropolitan park system represents a dangerously heavy outlay of money, for which most of the public is getting very little return, and the result is a park system which has been turned into an aristocratic highway, for which the public has to foot the bills, are made by Governor Foss in his fiftieth message to the Legislature.

The Governor disapproves of any further purchase of land or any more elaborate engineering improvements on the land already purchased.

NOT AGAINST ORGANIZATION. Second Assistant Postmaster-General Outlines Government's Attitude.

Syracuse, N. Y., June 6.—Second Assistant Postmaster-General Jos. Stewart, addressing the national convention of Railway Mail Clerks' Association, today denied that the government is against organization. "It has always been pleased to recognize organizations beneficial and helpful," he said, "and it has always classed the Railway Mail Association in that way. It objects only to the character of organizations."

There recently has been efforts to organize associations said to be in-

limical to the service, and active steps have been taken to dissuade the clerks from further action in that direction.

The reason for objection to those organizations is found in one of two fundamentals. The government objects to those which attempt to affiliate with outside organizations, which have no connection with the service. Organized labor is the service must always be loyal. Those we have objected to have been those which through some misguided thought intended to lead, not to loyalty, but to disloyalty.

GOES TO SUGAR COMPANY

Charles P. Montgomery Will Become Head of Its Customs Service.

Washington, June 6.—Secretary MacVeagh today announced that Charles P. Montgomery, for many years chief of the customs division of the Treasury Department, is to be transferred to the American Sugar Refining Company, as the head of its customs service.

Mr. Montgomery is confident that so long as the government prosecutions which unearched the sugar frauds and restored some \$3,000,000 in lost duties to the Federal Treasury. His exsackement to take charge of the corporation's customs affairs is said to be part of the plan of rehabilitation of the company, now underway.

LIFE WORK ABOUT FINISHED

John Bigelow Talks Frankly With His Children About His Condition.

Highland Falls, N. Y., June 6.—The venerable John Bigelow was assisted from his bed at his summer home, "The Squirrels," here late this afternoon, and sat for a time in a chair reading the mail and dictating letters. The fact that he could do this, in view of his condition, is said to warrant no assumption that the venerable author and diplomat is less seriously ill than has been reported. Dr. Milton Powell, of New York, who is attending, said there was no change in his patient's condition.

Dr. Bigelow himself has talked frankly with his children of his belief that his life work is about finished. His children doubt that he can rally from his present enfeebled condition.

MOTION MADE FOR BAIL.

Counsel Seeks Release of Wilson and His Associates.

New York, June 6.—Counsel for Christopher Columbus Wilson, president of the United Wireless Telegraph Company, and for his four associates, argued today for their admission to bail, pending appeals from the prison sentences imposed for using the mails to defraud investors. It was alleged that an error had been committed in the trial, because District Attorney Henry A. Wise had not informed the defense that juror No. 11 had been approached with a proposal to "hang" the jury in consideration of a bribe.

District Attorney Wise, who argued against the prisoners being released, said a number of persons connected in similar cases had fled the country, and that being admitted to bail, unless there is favorable intervention in the court's decision to-morrow, the confederates will start their prison sentences at once.

UNABLE TO FIND POISON. Evidence in Scheib Investigation Favorable to Accused.

New York, June 6.—Few, if any, new facts of importance to substantiate the State's charge of wife-murder against Henry A. Scheib were brought out in the examination of a dozen witnesses for the prosecution at Scheib's examination today. Indeed, the chief development of the day, the preliminary oral report of Professor John L. Austin, of Columbia University, to the effect that he had been unable to find any traces of poison in the internal organs of the victim of the bathtub mystery, was of a nature to gratify counsel for the accused.

While it has not been specifically alleged in what manner Scheib's wife came to her death, it has been understood that the prosecution expected to make out a case of poisoning.

DEATH OF EDWARD HARRIGAN. Veteran Actor, Playwright and Manager Dies in New York.

New York, June 6.—Edward Harrigan, the veteran actor, playwright and manager, died today at his home here. He was born in New York in 1847. His first appearance was in 1867 at the Olympic Theatre, San Francisco. Mr. Harrigan played Irish parts to the end of his life. He was married in 1874 until 1894, generally writing and starring the plays himself.

Mr. Harrigan had been ill for two years and had not appeared on the stage since the spring of 1909. He leaves a widow and six children.

His funeral will be held tomorrow, mainly upon the "Mulligan Guard" plays, a series that made his theatre one of the most famous in the country.

MERCEDES ON DRY DOCK. Vessel Captured From Spain, Now Training Ship, Being Repaired.

New York, June 6.—Her hull covered with barnacles and badly in need of paint, the old Spanish cruiser Reina Mercedes, one of the spoils of the War with Spain, is today in the dry dock at the Brooklyn Navy Yard.

She is one of the largest ships of the Spanish navy. After being raised and repaired she was converted into a station ship, without machinery, and with her decks hoisted over, and sent to Newport, R. I., as a training ship. She will keep about 100 men busy for a week, and will then be sent back to her post.

ASSETS PANNING OUT. Clearing House Banks Realize \$3,000,000 From Walsh Estate.

Chicago, June 6.—The clearing house banks of Chicago, which took over the assets of John R. Walsh, the former banker, when his bank failed four years ago, have realized \$3,000,000 more through the sale of the property and business of the Alliance Coal Company. The Monon Coal Company, affiliated with the Chicago, Indiana and Louisville Railway Company, the "Monon" route, took over the Alliance properties, which include about 20,000 acres of coal lands in Indiana.

Thanks United States. Washington, June 6.—President Carreras, of Santo Domingo, has thanked the United States for the frustration of the alleged plot of Carlos R. Morales, former President of Santo Domingo, to launch a revolutionary expedition against that country. General Morales was arrested in Santo Domingo, on April 24, charged with violating the neutrality laws of the United States.

Indictments May Result. Charleston, W. Va., June 6.—Charging the grand jury in the United States District Court here today, Judge Keller drew special attention upon allegations of a well-known local lumber company, and it is said that indictments have been the cause of complaint, and it is officially predicted that indictments will result.

KING ENJOYING BRIEF RESPIRE

Lull in Entertainments While His Majesty Is at Aldershot.

London, June 6.—The Whitsuntide holidays gave a brief respite to the coronation preparations, which are now being resumed with increased energy. London, so far as the coronation processions is concerned, is becoming recognizable in its garb of new paint, decorations and scaffolding for stands and pillars for street adornment.

In Westminster Abbey itself the structural changes have been completed. For the great coronation ceremony, tribunes have been erected with a seating capacity for 8,000 people. The prevailing colors of decoration are blue and gold. The program has been fully arranged, and it only remains to hold a number of rehearsals within the coming fortnight for the 200 persons engaged in the coronation ceremonial, which, though mainly following the lines of King Edward's coronation, will present some new features.

Notably the inclusion for the first time of standard-bearers representing the overseas dominions, India, Wales, as well as England, Scotland and Ireland. The overseas troops will also be given a post of honor outside Buckingham Palace, and around the Victoria Memorial on coronation day.

There has been a lull in entertainments, as the King is spending a few days with his troops at Aldershot. This is in the nature of a holiday, after the fatigue of dealing with the multiple arrangements for the coronation. But from next Saturday there will be a constant round of royal engagements and public functions, extending up to nearly the end of July.

IN SESSION AT CLEVELAND. Meeting of Perry's Victory Centennial Commission.

Cleveland, O., June 6.—The interstate board of the different State Perry's Victory Centennial Commissions meeting here today passed favorably on all plans submitted, and all arrangements for the erection of the memorial and other buildings for the celebration to be held at Put-In-Bay Island, Lake Erie, in 1913, were placed in the hands of a building committee composed of General Nelson A. Miles, Colonel Henry A. Watterston and George H. Worthington, of Cleveland.

Ultimately the United States drew the battle of Lake Erie will be established.

ARTIST CHRISTY'S WIFE HINTS AT RECONCILIATION

Zanesville, O., June 6.—Mrs. Mabelle Thompson Christy, wife of New York, wife of Artist Howard Christy, from whom she has been estranged for the past two years, intimated in an interview last night that the period of estrangement might be nearing an end.

"I do not know how long I shall stay," said Mrs. Christy, at the Christy home at Philo. "That depends entirely upon future events. I came out here to see my daughter, Natalie, and have been made so very welcome by every one that I may prolong my visit indefinitely."

"O, no, Mr. Christy and I have not talked reconciliation yet. I have only been here two days," she declared, and then she added: "Mr. Christy and I have no great differences."

Christy has refused to live at Philo, and for that reason we have never been able to reach any conclusions. I have not yet discussed with her her present attitude. She is very welcome here."

ATTEMPTS TO END LIFE. Leonard Boutell Ties Rope Around Neck and Jumps From Staircase.

New York, June 6.—A young man who described himself as Leonard J. Boutell, a son of the late Congressman Henry Sherman Boutell, of Illinois, now minister to Switzerland, attempted suicide late to-night in the Young Men's Christian Association building, in West Twenty-ninth Street. After tying a rope around his neck, he jumped from the staircase leading from the lobby to the barber shop. He was cut down just in time to save his life.

Boutell said afterward that he regretted that his rescue had been so prompt, as he would have driven him to despair, and he wished to die. He said his two babies had died within a week recently and that his wife had left him. He said he had not seen his father for several years or since he left the service in the South. He had worked in New Orleans and in Florida as an electrical engineer. He was locked up at the police station, charged with an attempt upon his life. He said his age was twenty-six years.

Pomerene Seeks Information. Washington, D. C., June 6.—Efforts of Senator Pomerene, of Ohio, to force criminal prosecutions of officers and directors of the Standard Oil and the American Oil Companies and their constituent companies were supplemented today by the introduction in the House of resolutions by Representative Clayton, of Alabama, directing that the Attorney-General report to Congress whether any criminal prosecutions have been contemplated, and if not, why they have not been undertaken.

The resolutions were referred to the Judiciary Committee, of which Mr. Clayton is chairman.

Weds at Age of Ninety-Two Years. Muldrow, Okla., June 6.—A. D. Dutton, ninety-two years old, who attributes his longevity to his habit of eating beans, today was married to Miss Rebecca Jane Galaway, twenty-four years old. Despite his advanced years, Dutton farms every acre of land he owns. He is apparently as hale as a man half his age.

ACCUSATION BY SMOOT. Charges Democratic House With Trying to Swell Senate Printing Bills.

Washington, June 6.—The charge that the Democratic House is trying to reduce its own printing bills and swell those of the Senate was made today by Senator Charles McNamara, chairman of the joint committee on printing. The accusation followed a request by Senator Culberson for the printing, as a condition of his support of the minority of the Senate Committee on Judiciary, on the absorption by the United States Steel Corporation of the Tennessee Coal and Iron Company, which report was submitted in 1909. In presenting his request Mr. Culberson said:

"I have been informed that the Democratic House is trying to swell the Senate printing bills by the introduction of bills for the printing of bills, reports and resolutions, which are already being printed by the Senate. This is a most serious matter, and I am sure that the Senate will take prompt action to prevent it."

McNamara to Prevent Attempts to Indulge in Extraneous Printing. Washington, June 6.—Inspired by intimations that reprisals would be made on Democratic Leader Underwood and other representatives who advocated investigation of the so-called steel trust, Representative Boehne, of Indiana, today introduced a bill punishing by a maximum of \$5,000 or five years' imprisonment threats or coercion of members of Congress, or the closing down of mills or factories for political effect by corporation managers or others. Mr. Boehne also introduced a bill providing penalties for employers who attempt to intimidate their employees in elections.

Mr. Underwood recently announced that he had been told that if he permitted disturbance in the steel industry the mills in Birmingham, Ala., his home town, would be closed and his political fortunes affected.

LOST BRIDE IS FOUND. Western Couple Will Go to Copenhagen to Spend Interrupted Honeymoon.

New York, June 6.—Francis Dubois, the rich miner from Porcupine, Ont., found his lost bride today. Thursday they will sail for Copenhagen to spend the interrupted honeymoon at Mrs. Dubois's old home.

Dubois and his wife were on their way from Porcupine Sunday, when he went back for his overcoat at a little railroad restaurant, and the train proceeded without him. As soon as he reached home, he began a search for Mrs. Dubois. Meanwhile his wife was trying just as anxiously to find him. They met at a hotel in Hoboken, where Mrs. Dubois had been sent by the captain of the steamer on which they had engaged passage.

DR. JOSEPH PRICE DEAD. Prominent Surgeon, Native of Virginia, Passes Away in Philadelphia.

Philadelphia, Pa., June 6.—Dr. Joseph Price, a native of Virginia, one of the pioneers in abdominal surgery in this country, and the foremost gynecologist

We'll Convince You

That the best Sunday reading during the warm months is to be found in THE TIMES-DISPATCH Illustrated Sunday Magazine. The next issue will contain some literary features you will like to read.

The Arrow of Doom

By Edith Sessions Tupper, is part of one of the most unique literary features ever printed. It is alive with mystery and love.

Billy's Luck

By Warner Robinson, is a strong story dealing with wireless telegraphy and its misfortunes. You'll like it.

The Passing of the Rat

By Amos Stote, will interest the ladies especially, because it has to do with the history of various styles of hair, their origin and their passing, etc.

Mission Stiffs and Library Birds

By George Allan England, will give you a clear insight into a phase of human life that is interesting and pathetic.

Recurrent Romances

By I. F. Ferris, relates how some stale tales happen to bob up occasionally.

Old-Timers and Top-Liners

By Smith Dunbar Fry, is a collection of clever stories accredited to some of the "big guns" at Washington.

How a Wild Pitch Lost a Pennant

By Norman Elberfeld, edited by Lin McLean, tells why the public does not understand some victories and defeats.

Additional literary features and a beautiful colored cover are also to be found in the June 11th issue of

The Times-Dispatch

here, died to-night following an operation for appendicitis. He performed an operation for appendicitis on a young girl shortly after noon today, and was operated upon himself for the same trouble less than four hours later. He died to-night.

Dr. Price was a former president of the American Medical Association, the American Association of Gynecologists and the American Society of Obstetricians. He was born in Virginia in 1853. He was the founder of the Gynecec Hospital here, and was a member of the staff of several leading hospitals.

INDIANS STOP A TRAIN. Yaquis Search Cows in Arizona, but Rob No One.

Tucson, Ariz., June 6.—Official information has reached here that a band of Yaqui Indians near Corral recently held up a passenger train, searched it, and then allowed it to proceed without molesting any one. The Indians acted as if hunting for some particular person. This band is reported to have seized two carloads of provisions at Empalme and one carload at Hermosillo.

Mr. John Hays Hammond, representing the Yaqui Indians, arrived here Sunday, and confirms the reports of demands made by the Yaqui Indians for the return of them of the delta lands and seven towns. The government, he said, has promised to give Yaqui justice if they will not make trouble. An armed force now exists.

The Southern Pacific Company ran a train into Cullican Sunday.

CLEARED OF POISONING CHARGE. Jury Decides Woman Did Not Give Husband Strychnine.

Pittsburg, Pa., June 6.—Mrs. Minnie Strohecker was acquitted today on the charge of having administered strychnine to her husband, George Strohecker, January 7 last. The verdict was ordered by Judge John A. Evans because the prosecution had been unable to prove the woman's guilt.

Strohecker was employed in a local grain elevator, and became seriously ill after eating his noonday lunch. Physicians found that strychnine had been placed on a slice of bread. Strohecker lay at the point of death for a long time, and meanwhile his wife was arrested.

Strohecker refused to believe that his wife was in any way connected with the poisoning and supported her throughout the trial.

AUTHORITIES IN QUANDRY. Forbidden to Place Leprosy Patient in State Colony.

Hartford, Conn., June 6.—The local Board of Health is placed in a somewhat peculiar position by the refusal of both the Massachusetts and New York State Boards of Health to allow a leprosy patient now in a local hospital to be taken to the leprosy colony in those States. The man is about sixty years old, and has the disease in an advanced stage.

Although physicians say there is no chance of contagion, the patient is isolated, and the Board of Health will probably have to construct a camp for him somewhere on the outskirts of the city.

The victim has lived in this city twenty years, and is thought to have contracted the disease in Russia. He

has four grown children, none of whom is afflicted.

MAYOR GAYNOR INVITED. Atlanta Wants Him to Aid in Commemorating Peace Visit.

New York, June 6.—Mayor Gaynor has received an invitation to attend the dedication of a monument to be erected in Atlanta, Ga., commemorating the visit of the old City Guard of that city to the Northeastern States thirty-two years ago on a fraternal mission to its former adversaries in the Civil War. The ceremonies will begin on October 9 and continue three days.

The Gate City Guard was the first military organization to undertake the "mission of peace" idea.

HONOR FOR CHINESE GIRL. Miss Faung Yui Tsoo Wins Bachelor of Science Degree.

New York, June 6.—Miss Faung Yui Tsoo, of Shanghai, China, who will receive the degree of bachelor of science from teachers college, Columbia University, to-morrow morning, is the first of the woman students the Chinese government sent to America in 1907 to study modern educational methods to be graduated. Her scholarship has been so high that she received special faculty commendation.

Miss Tsoo's first experience in American education was at Cotesy College, Mo. She then went for two years to Wesleyan, and has been two years at Columbia. One of her five brothers is a senior at Yale, and her younger sister was graduated last week from the Woman's Medical College, in Baltimore.
